Hygiene &  
Waste Management

## ECLIPSE™ DISCREET AUTO

Advanced sanitary disposal technology. Helping our customers dispose of their sanitary waste discreetly and in an environmentally responsible way.

The **ECLIPSE DISCREET AUTO** offers customers a hygienic, modern and innovative way of disposing of hygiene waste. The **NO-TOUCH** operation minimises the risk of cross-contamination, as users simply wave their hand across the lid for it to open.

The smart design of the **ECLIPSE DISCREET AUTO** ensures that the sanitary bin is easily located either side of the WC, below seat level. The range is constructed from a highly durable ABS plastic which helps keep the units looking good no matter how often they're used.

### Key features :

- NO-TOUCH automatic operation to open lid
- Improved cubicle experience with reliable, quiet operation
- Discreetly sized for storage on either side of the WC
- Privacy tray for easier posting of sanitary waste
- 2 premium colour options available to complement any washroom space: Nickel lid and black base/black lid and black base

### Product specification

|              |   |
|--------------|---|
| Capacity     | 11.3 litres   |
| Dimensions   | 44cm x 40cm x 14.8cm  |
| Thickness    | 9mm   |

## Cubicle services

### Operation instructions :

- 'NO-TOUCH' automatic operation to open lid
- PIR sensor detects the hand when held above the sensor
- Quiet open and close facility, battery powered console mechanically lifts lid
- Batteries exchanged as part of standard service

### Service :

- A complete liner exchange service, with bins fully cleaned on site before a new liner is inserted
- Serviced on a frequency to suit the customer footfall - 8, 12, 26, 52, 102pa
- Waste is diverted from landfill through our LifeCycle Strategy

### > Fully compliant

Fully licensed and compliant with all waste management regulations. A full auditable waste trail is provided.

### > Also available - Sanitary bag **dispenser**

Hygienically transfer feminine hygiene products from the individual to the discreet sanitary disposal unit and prevent bodily fluids transferring on to the lid for the next user.

# > MALE INCONTINENCE BIN

Discreet. Dignified. Disposal.

The male incontinence bin from **phs** offers a discreet and hygienic disposal solution for incontinence waste.

This bin is suitable for the disposal of incontinence pads and shields, disposable pants and related incontinence products.

## Men of all ages experience incontinence

By incorporating an incontinence bin into male washroom cubicles, businesses can ensure they're meeting the hygiene needs of employees and visitors. While also helping to reduce the stigma around male incontinence.

## Fully-serviced

This bin is offered as part of a complete liner exchange service. **phs** will provide your business with an incontinence bin. Hygiene technicians will then return to empty and clean the bins at a frequency of your choosing.

### KEY FEATURES

- No-touch operation to prevent the spread of germs between users
- Cleaned with Bio Sanitiser to combat 99.99% of bacteria
- Service agreement ensures waste is being correctly sorted and disposed of
- Wider opening and chute for easier disposal

## Legally compliant

Waste collection from **phs** is fully licensed and compliant with all waste management regulations. A full auditable waste trail is provided.

## Sustainable waste management

The unique **phs** LifeCycle strategy diverts customer waste away from landfill. It is instead taken to nearby energy recovery facilities, where it is turned into power for the local community to use. Providing a sustainable waste solution for your business.

### RECOMMENDED ADD-ON

## Incontinence Disposal Bags

Add an Incontinence Disposal Bag Dispenser into your washroom to assist with the hygienic transfer of products into the disposal unit.

Our incontinence bag dispensers provide a clean and hygienic experience for your customers, by preventing bodily fluids transferring on to the lid for the next user.

### Installation

Adhesive backing for simple installation to avoid any damage to the walls or can be screwed on to the wall if needed.

Antimicrobial material moulded in to the dispenser creating a hygienic surface

### Environmentally conscious

The dispenser is fully recycled at the end of its life.

### Key features :

- Dispenses a single bag each time to help transfer waste
- Floral scented biodegradable bags
