# Who We Are

Algeco is a market-leading supplier of portable and modular buildings across the UK and Europe, offering your organisation the perfect space to work, learn or live.

From single portable buildings to stylish and inspiring multi-storey design and build structures, our temporary and permanent modular building solutions are constructed off-site in quality-controlled environments to the highest standards before being fully fitted and delivered to your exact requirements. Our dedicated team is with you the whole way, offering advice on project management and compliance and a full interior and exterior turnkey service for each of our temporary, portable buildings and storage containers.

With a national network of 24 locations nationwide, offering 40,000 units, and supplying over 17,000 customers, Algeco is the UK's number one supplier of storage container and site accommodation requirements.

Our shipping container & storage container hire services provide a secure and cost-effective solution to your storage requirements, while our portable site accommodation units are available in two ranges; anti-vandal & energy-saving.

Algeco 360° Solutions is an extension of our product offering, providing external equipment such as WiFi, generators, site lighting and water bowsers as well as internal requirements such as climate control products and fire safety equipment.

## Groundhog Unit Hire

Our top of the range, towable Groundhog mobile welfare units are environmentally efficient and easy to use. These units are completely self-contained and purpose-built for sites without water or electricity connections.

[Request a quote](#)

### Main Features

- Full steel, anti-vandal construction, ensuring safety and security
- Provides pleasant working environment, including toilet area, warm room/generator area and canteen area with seating, sink, microwave, kettle and heating system
- Easily towed, one man operation to secure and manoeuvre on site
- Can be deployed in 3 minutes
- High security doors and window
- Lighting and electrics provided
- Fully insulated with heavy duty vinyl
- Floor covering

### Energy Saving Features

- Double-glazed windows
- P.I.R controlled ECO A+ LED lighting
- 12 volt technology delivering reduced fuel usage, 60% reduction in generator servicing and longer generator life
- Generator need only run for three hours for a full day's work. One tank with 58 litres of diesel will last at least three weeks!
- Low noise pollution
- The most ECO friendly mobile welfare unit in the UK

## Static Welfare Unit Hire

Our versatile static welfare units are purpose-built for remote locations, or sites without electricity or water connections. These secure units are completely self-contained and designed to fulfil the welfare needs of staff for the duration of a project.

### Main Features

- Full steel, anti-vandal construction, ensuring safety and security
- 20ft x 9ft unit includes canteen facilities, toilet, drying room and integral water and waste tanks
- 26ft x 10ft unit comes with all of the above, with the addition of an office
- Supplied with noise-reduced diesel generator
- Fitted with heating and water heaters
- Lighting and electrics provided
- Fully insulated with heavy duty vinyl floor covering

### Energy Saving Features

- Fitted with non-concussive aerator taps and dual flush cistern, to save on water
- Double-glazed windows
- P.I.R controlled ECO A+ LED lighting
- Heavyweight doors with door closers and an advanced 11-point locking system
- Timer controlled heating with ECO settings
- Additional insulation

## 20ft x 9ft Welfare Unit

Algeco UK's 20ft welfare units have everything a site could need for the wellbeing and comfort of their employees.

Belongings and equipment can be stored safely, as the unit has a safe and secure window and door locking system.

[Request a quote](#)

Take a look inside!

## 26ft x 10ft Welfare Unit

Algeco UK's 26ft welfare units have a larger size to provide amenities for a larger site with more workers.

Belongings and equipment can be stored safely, as the unit has a safe and secure window and door locking system.

## Aqua Pod Hire

Check out the interior!

### Main Features

- Insulated doors, walls, ceilings and pipework, protection against intense sunlight.
- Anti-frost heaters to prevent freezing in extreme weather conditions.

Our Aqua Pods are an ideal solution for secure on-site water storage. Fully insulated pod and pipe work helps to prevent freezing in the winter and the fully enclosed pod prevents water storage tanks being exposed to direct sunlight.

Ideal for sites with no access to mains feed water. Due to their compact size, they can be placed in various locations on sites where electrical feed allows.

## Smoking Shelter Hire

### Main Features

- Full Steel
- Includes ashtrays
- Fitted with a roof and bench
- Anti-Vandal

Our specially designed smoking shelters provide the perfect space for your staff to have a break outside whilst still in a covered area to protect them from adverse weather conditions.
